ROAD SAFETY PROGRAMME

We Offer Two Road Safety Programmes:

1. Learner Drivers Licence
2. Restricted Drivers Licence

We help everyone in our community to reach their goals of being a licensed driver. From learners to Restricted we offer a range of courses designed to help you achieve this.

One of our students has reached her goal of becoming a Learner Licensed Driver through this course we run and it was a proud report of her mission accomplished.

Basic Computing

How would you like to be in a different environment?

This programme is designed to help those who have never used a computer before or those who just want to learn how to use the Office suite, Microsoft Word, Excel and Publisher.

This programme teaches you the difference between hardware and software and how they interact to make the computer go.

We will learn how to layout out a letter and how to copy and paste, drag and drop, tabs and bullets.

We will also learn how to use Excel, how to create formulas and how to drag them down, how to use auto sum and how to find the average of the totals and many more features of Excel.

KIA ORA!

It's been a rough month weather-wise it feels like it has been raining the whole month. That storm certainly gave us all a wake up call. How many of us were prepared for the loss of power and the phone, I know I certainly wasn't. According to the weather men the bad weather is not over, with still more rain to come. Wrap up keep warm and if possible stay indoors

DELICIOUS

A BIG THANKS TO ALL

We would like to take this opportunity to thank all the people who helped with the shift and the setting up of the new premises. It was a huge job but we managed to get it done with the help of everyone. We managed to keep all classes going with very little disruption, thanks to our learners. We are now located at 65 Dudley Street (Ground floor) in the ACTS Building. For those of you who do not know where Dudley Street is, it is the street behind High Street , if you go down the alley where No 1 Shoes were, you will see the building.

This term is nearly over and Elaine is in the process of preparing our timetable for next term. The same programmes will be offered again and there may even be one or two surprises in the next term, so look out for that. The new term will start 29 July to 27 September.

" We want to thank you heaps for your support "
